Many years ago, Sandra used to live with her ex husband and her 3 kids, but her ex husband cheated on her and he didn't allowed Sandra and the 3 kids to live with him anymore so he can leave with the other girl and this is how their hard story started.

Her brother bought her a piece of land and built a little and humble house before he was killed, and she has been living in that little shack full of termites, holes in the walls and roof, in that piece of land, for about 30 years now.

I would like to see the dream that I abandoned 30 years ago, becoming a reality and this would be a big blessing for me, just like my brother was 30 years ago.
